

HOUSEMANSHIP ANNOUNCEMENT FOR THURSDAY, 30th January 2025

Attention to all Medical and Dental Practitioners seeking housemanship opportunities!

We are pleased to inform you that vacancies for housemanship placements in federal institutions will be updated on the MDCN portal on **Thursday, 30th January 2025**. All interested applicants intending to serve in **federal hospitals** are encouraged to check the portal for available slots.

REGISTRATION ON MDCN HOUSEMANSHIP PORTAL

Please be advised that upon the receipt of your provisional registration certificate during the induction ceremony, you must create your profile on the Housemanship portal (www.housemanship.mdcn.gov.ng). This will grant you access to apply for housemanship positions at any of the **45 Federal training institutions nationwide**, under the management of the MDCN.

It is important to refrain from directly contacting or sending application letters to Federal institutions and to MDCN, either personally or through proxies (even parents), as this is considered a contravention under the Centralized Housemanship Placement System. Such actions may result in denial of access to the portal, as they contravene existing policies.

Important Note:

- This update is strictly for the **45 federal hospitals** that are approved for housemanship placement.
- Each hospital has an approved number of slots for doctors based on parameters required for training.
- If a hospital of your choice is not showing, it is because no vacancy exists in that hospital.
- There are **70 non-federal hospitals** where housemanship placements are available. Applicants are advised to directly approach these institutions for further information on available opportunities.
- The list of approved hospitals for housemanship under the centralized scheme are clearly shown on the MDCN website <https://mdcn.gov.ng/page/housemanship/list-of-approved-housemanship-centers-currently-covered-by-the-centralized-posting012>
- Read how the centralized housemanship scheme works <https://mdcn.gov.ng/page/housemanship/how-it-works>
- All hospitals (federal, state, private and military) that are accredited for housemanship placement are clearly listed on the MDCN website <https://mdcn.gov.ng/page/education/approved-housemanship-training-institutions-as-at-august-2024>

We remind all applicants that this opportunity is **exclusive to Medical and Dental practitioners**. Stay informed and check for the latest updates.
